

# KUNTATT

Official Gasan Group Newsletter  
Issue No. 1

December 2025.

## MESSAGE FROM THE CEO

**MARK GASAN**  
CEO

It gives me great pleasure to reintroduce *Kuntatt*, a name some of you may remember from years past. What was once a printed newsletter connecting our teams across the Group now returns in a refreshed, digital format, designed to keep us all informed, inspired, and connected.

Through *Kuntatt*, we hope to share stories from across the Group, highlight achievements, celebrate our people, and offer a closer look at the work that continues to shape the Gasan legacy. As our Group grows and evolves, staying connected becomes even more important, and this newsletter is one way to ensure that the sense of belonging and shared purpose that has always defined Gasan Group remains strong.

I hope you enjoy this first issue, and I look forward to seeing this community grow into a platform that reflects who we are, what we do, and the values we stand for.

## WHO WE ARE AND WHAT WE DO...

**Our Story & Legacy.** Founded in 1928 when the late Joe Gasan was appointed sole concessionaire for Ford in Malta – the cornerstone of the Group’s journey.

Still wholly family-owned (2nd and 3rd generation) and grounded in the values of service and customer-focus that sparked the original success.

Over 90 years of growth, diversity and innovation, leading the Group to become one of Malta’s most successful business organisations.

**90+**  
Years of Legacy

**3<sup>rd</sup>**  
Generation

**1000+**  
Employees

**50+**  
Brands

**4** Core Pillars

## OUR FOUR CORE PILLARS

### AUTOMOTIVE & MARINE

Building on our heritage in automotive, representing global brands and marine products.

### BUILDING SERVICES & SOLUTIONS

Delivering total building services and solutions, including facilities maintenance contracting.

### INSURANCE

Malta’s Leading Insurance Company.

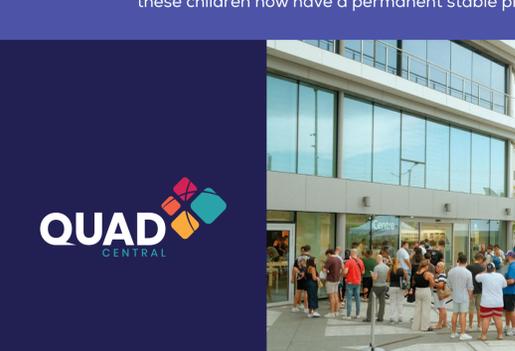

### REAL ESTATE

Developing residential and commercial projects while maintaining a substantial real estate portfolio as a long term investment.

## UPDATE FROM THE GROUP

**GasanMamo**  
INSURANCE  
We’re Always There

### CSR ETHIOPIA INITIATIVE

Three siblings in Bonga, Ethiopia needed a secure place to live. Their temporary shelter was on land scheduled for government redistribution, so they needed to build a permanent structure to maintain their home.

Our community friend Abba Kifle reached out to us about this situation. GasanMamo Insurance was able to provide funding for both the construction and furnishings, so that these children now have a permanent stable place to call home.

### IPHONE 17 LAUNCH

The Quad Central is a hub of business and commercial activity and at the end of this summer, the world leading Apple brand chose the Quad Central as the location for Malta’s official iPhone 17 launch. Such launches are usually well attended by Apple’s loyal customers, and this year was no exception, as an avid Apple fan started the line-up at 3:30 am, securing his place as the first iPhone 17 owner in Malta!

### MAKING WAVES IN MALTA - THE BYD DOLPHIN SURF

Since its June 2025 launch, the BYD Dolphin Surf has reshaped Malta’s small-car and EV market. Compact, efficient, and stylish, it has established itself as the island’s best-selling EV. Equipped with smart connectivity and BYD’s advanced Blade Battery technology, and now seamlessly integrated into Bolt’s “Little Bolt” ride-hailing service, the Dolphin Surf delivers a blend of accessibility, performance, and innovation. GasanZammit continues to lead Malta’s shift toward future-proof mobility, driving the electrification of the nation’s private transport sector.

### AIRPORT ESCALATOR

Malta International Airport welcomed over 6.8 million passengers in the past year. The KONE escalator, supplied, installed and maintained by Mekanika, stands out as one of the most frequently used escalators locally. Helping millions of travellers flow smoothly within the airport and proving itself to be an essential part of the terminal’s infrastructure.

## OUR FOUNDATION

This year, The Gasan Foundation continued to deepen its long-term commitment to community well-being through several impactful initiatives. At Majjistral Nature and History Park, it provided all the support needed for the restoration of the park’s historic villa.

The Foundation also continued its long-standing support for Hospice Malta, with the donation of a new car for the Hospice December Annual Lottery. The Foundation donated the car with some support from GZ.

The Foundation first supported Hospice with the development of the new palliative care centre three years ago, and this year saw that long-term investment come to life with the centre’s official opening. Most recently, the Foundation approved the sponsorship of a new sensory room at Inspire Malta, extending its support to another vital community initiative.

## EMPLOYEE HIGHLIGHT

**25+**  
**YEARS**  
WITH MEKANIKA

**BERNARD AZZOPARDI**  
CONTRACTS MANAGER

**Question:** What is a key moment from your career?

**Answer:** All projects have their own identity, but Embassy was one of the projects stood out. There was pressure to get it done, then on the opening, all Malta was without electricity. So I was afraid that the generator won’t start up, but things went well. That’s something you sort of pass through, but then in the end, you’re satisfied that everything went well.

## DID YOU KNOW?

### FACTS ABOUT THE FOUNDER

In 1928, Joseph Gasan Senior secured an exclusive concession to import Ford motor vehicles to the Maltese Islands, making Malta only the sixth country outside the United States to receive such a concession from Ford Motor Company. That agreement effectively marked the founding of the Gasan Group of Companies – which means that in 2028 the Group will celebrate 100 years of business!

*See you in the next issue!*
