EMYLOYEE WELLBEING AND TRAINING

Continuous learning and employee wellbeing remain key priorities across the Gasan Group. Throughout the year, employees participated in technical, operational, safety, and professional training programmes to strengthen skills and support development.

Training included health and safety, first aid, fire safety, technical systems, quality management, and Mental Health First Aid for the Workplace certification for Department Heads, Managers, and Supervisors.

These initiatives reflect the Group's commitment to creating a safe, supportive workplace while investing in the continued growth of its people.

TACO FRIDAY

Taco Friday was a fun occasion for colleagues to come together, unwind, and connect outside their daily routines. The initiative provides an opportunity for employees to enjoy a relaxed social atmosphere, strengthen team relationships, and foster a greater sense of community across the Group. Events such as these continue to support the Group's commitment to employee engagement and workplace wellbeing.

COMPANY PILLARS

AUTOMOTIVE & MARINE

Building on our heritage in automotive, representing global brands and marine products.

BUILDING SERVICES & SOLUTIONS

Delivering total building services and solutions, including facilities maintenance contracting.

INSURANCE

Malta's Leading Insurance Company.

REAL ESTATE

Developing residential and commercial projects while maintaining a substantial real estate portfolio as a long term investment.

UPDATE FROM THE GROUP

GMI NEW HEAD OFFICE IN QORMI

GMI has recently completed the fit-out of its new Head Office, creating a modern and enhanced working environment that reflects the company's continued growth and commitment to its people. The new office block has been designed to support greater collaboration, productivity, and innovation, providing employees and visitors with an improved day-to-day experience. GMI will be moving into this new Head Office in July 2026, moving out of the current Head Office in Gzira. GMI will still retain a Branch within the Gzira building.

GASANZAMMIT MOTORS – BYD SHOWROOM

GasanZammit Motors continues to strengthen its position in the electric mobility market with the development of the new BYD showroom; to open in July 2026. The space has been designed to showcase the brand's innovative vehicle range while delivering a premium customer experience that reflects BYD's forward-thinking approach to sustainable mobility.

VOLVO FLEET DELIVERY

GasanZammit Motors recently successfully completed the delivery of a fleet of 70 Volvo XC60 vehicles, representing one of the company's most significant fleet handovers to date. This achievement underscores the strength of the team's planning, coordination and operational capabilities in managing large-scale, complex fleet requirements from order through to delivery.

MEKANIKA WAREHOUSING SOLUTIONS

The Industrial Products Business Unit within Mekanika (IP) provides advanced warehouse and logistics solutions, helping businesses across Malta improve their storage capacity and warehousing operational efficiency. By combining world-class brands with local expertise, we provide complete solutions that are designed, installed, and supported locally.

In this project, Mekanika along with Jungheinrich Material Handling equipment (MHE) completed the fit-out of a new warehouse with the highest pallet racking installation with a top of beam height at 17 metres. This is a very large, advanced and semi-automated warehouse, providing approximately 30,000 pallet positions for storage.

DID YOU KNOW?

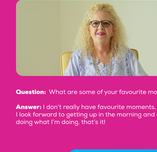

PIAZZETTA BUSINESS PLAZA

Formerly known as Piazza Ghar il-Lembi, the Piazzetta Business Plaza site has a long and varied story to tell. Records indicate that Sig. Amabile Sammut commissioned the construction of a large private residence in the mid-1800s. Like many grand homes in Sliema, the property was later rented to affluent individuals seeking temporary residence in the area.

Notable occupants included Sir Victor Houlton, Chief Secretary to the Government, and Colonel Boldero, Quarter Master General. During and after the Second World War, the property was leased to the Royal Navy and subsequently adapted into a Naval Family Clinic, forming an important part of the site's rich history.

EMPLOYEE HIGHLIGHT

44+ YEARS WITH THE GROUP

Vicky Falzon
PA to the Chairman

Question: What are some of your favourite moments?

Answer: I don't really have favourite moments, I love my job, I find that it's important and I look forward to getting up in the morning and coming to work. I'm happy where I am and doing what I'm doing, that's it!
